

PUT YOUR CREATIVITY INTO HIGH GEAR!

SUNCOAST SCIENCE CENTER
Faulhaber Fab Lab

The RC Car Committee is where creativity, leadership, and hands-on making collide. You'll design the track and obstacles, mentor younger students, and help bring a full-on racing experience to life—all while building your skills and earning community service hours.

Take on a leadership role in a real-world STEM project

Boost your college applications with hands-on experience

Use makerspace tools & machines to bring designs to life
